Dear KV,

Tony and I look forward to welcoming you and your colleague Vivek when you arrive in Paris. Either Thursday or Friday, the 29th and 30th of April, will work out with me. Why don't you come to my residence for dinner? When you return from your trip, let me know.

We're proud of Sanjay and his deserved successes—and we salute you for your elections both as National Chairman of the US Indian American Chamber of Commerce and your memberships in NRSC and Team 100. I don't know how you find the time and energy. Congratulations.

Love to Viji and you from Tony and me,

Connie
