VICE-PRESIDENT OF INDIA

MESSAGE

I am happy to know that the 1st Annual Convention of US-Indian Chamber of Commerce and Indo-US Business Promotional Conference is being organised in Washington DC during October 11-12.

This shall provide an excellent opportunity to the participants to share their common aspirations and concerns towards evolving a lasting strategy for meaningful economic cooperation between India and US. Given the enormous potential in several sectors of economy of both our countries, it will, no doubt, create exponential opportunities for business growth and promotion in trade and commerce, mutually benefiting all the stakeholders.

I wish the Convention all success.
