KV please see attached newspaper article in the Hindu about our very successful signing of the SBA MOU with Jawahar Sincar, Minister of DC_SSI, India. The photo highlights our MOU signing and the presence of you and other dignitaries.

This realization of assisting India with developing a stronger SME sector with a future development in the global market would not have been possible without your assistance and vision. I want thank you and the US Indian American Chamber of Commerce for helping us sign the MOU with the government of India and for the logical support and planning a very successful Mission. I would also like to thank Mr Bajpai and the American Chamber of Commerce of New Deli for hosting the signing ceremony.

On behalf of us who served at the US SBA we thank you for your service and for also providing me the opportunity to meet the President , The Prime Minister, Mr Putin and other dignitaries at the Independence day celebration in the Presidential Box.

Our work has evolved into increasing SME opportunities between the USA and India, and again thank you for your assisting us at SBA in making our Mission to India a great success for both our countries

Manuel A. Rosales

Former SBA Associate Administrator Office of International Trade 2001-2007.

Dear Manny,

Greetings. I remember that you were gracious enough to send me the clipping and a letter of thanks some nine plus years back! Since then, due to the fact that a few of my computers were either damaged or lost data due to

crash etc, I some how had lost the scanned copy of your letter and the news paper articles. That's why I requested you to forward photographs if you had any.

Wow, you really sent all the details which I could not have created better. I didn't expect that, but, am most grateful to you for including the details and even more grateful for your kind words. It's the words from friends like you which makes me do the community service which I enjoy doing, much more worthwhile.

Thanks again, Manny and hope to see you soon.

With warm regards,

KV Kumar
