

DBE Central Register

The DBE Central Register is a listing of contractors, consultants, suppliers and manufacturers certified by the State Departments of Transportation as Disadvantaged Business Enterprises (DBE's). The businesses listed meet the requirements of U.S. Department of Transportation (USDOT), Title 49 Code of Federal Regulations Part 26 which requires that the businesses be owned and controlled by women and minorities who are socially and economically disadvantaged.

DBE Central Register Search

This is generally a self-certifying database. The OSDBU/MRC does not make any representation as to the accuracy of any of the data included, other than certifications relating to 8(a) Business Development, HUBZone or Small Disadvantaged Business status. Because DBEs are continually certified and decertified on a regular basis, users are advised to visit the state's **DBE Partners** page to obtain the most up-to-date information. The OSDBU/MRC strongly recommends that contracting officers diligently review a bidder's small business self-certification before awarding a contract.
